Parent/Carer Survey 2022

Friday 7th October 2022

Dear Parents/Carers at Southover,

Thank you to everyone who took the time to feedback on our school near the end of last term. We had a good response from families and the survey is very positive. We can see how much the children enjoy school by the way they literally run through the gate in the mornings and the survey backs this up. Importantly, you feel your child is safe and you are able to talk to teachers and leaders. This feedback justifies the efforts made by all.

We know clubs are popular and we are very proud of the huge amount we offer. We will look into a computing club and are planning to add a science one in the autumn. STEM Week was frequently mentioned as being brilliant – and rightly so. We also had lots of mentions for the caring nature of the staff. This includes our SEN support which has very good feedback and reflects the hard work put in for those with the greatest challenges. We will always strive to provide the best support within the budgets schools get.

Football clubs have a super uptake but we do know that some children are finding football at playtimes harder to manage and a couple of people mentioned this. We will work on a way to support them as they learn these skills (just like some professional footballers!).

We are very pleased with the support we get from you in surveys but also in the day to day help and the work from the FRIENDS PTA. We succeed because of the teamwork! A fine example of this is the swimming pool which was a big hit again this year as well as the fair.

The school staff and governors have looked at all the comments and the statistics are copied below.

Yours sincerely,

Noel Fadden
Headteacher

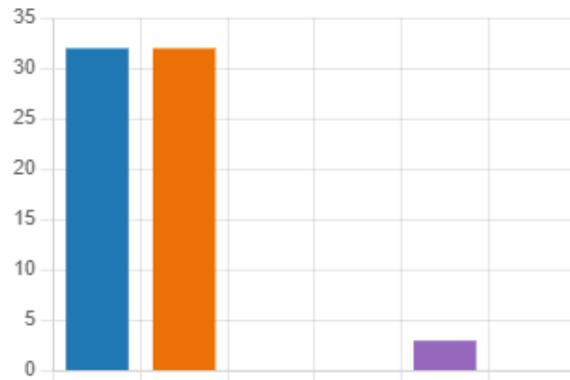

2. My child is happy at this school.
